A HISTORICAL FACILITY

Enjoy playing tennis in this historical building, which was built in 1942 to house military aircraft and later converted into a tennis facility in 1972. Over the last several years, the Grosse Ile Tennis Center has established itself as one of the finest athletic centers in the area and a great Grosse Ile community asset. With six newly resurfaced tennis courts, a full service fitness area and fitness studio with spinning, pilates, and other fitness classes, the Tennis Center has seen consistent growth and usage of its facilities. The Grosse Ile Tennis Center has an extensive USTA junior tennis program for all age groups, including club matches and practices with pros. Also offered are USTA and club tournaments for junior through adult senior events.
